

NYS Public Employees Federation

"Fight Back Against Privatization Award"

Nomination Form

Because privatization is a major threat to quality public services, it is essential for PEF members to be on the alert and respond strongly to this danger. Some of the strategies being used by our members include: identifying the threat, mobilizing the membership, using effective research, forming coalitions, enlisting community support, using media, and developing political environments to prevent privatization.

To acknowledge the many outstanding contributions of our members, PEF invites nominations for the annual "Fight Back Against Privatization Award."

Please take a moment to nominate a PEF member or members, or yourself, who is actively fighting privatization.

Go online to submit this form: www.pef.org

**Help shine the light on
wasteful consultants**

Name(s) of nominee(s): _____ Job Title(s): _____

Location: _____ Work Phone:(____) _____ Home Phone:(____) _____

Nominator's Name: _____ Work Phone:(____) _____ Home Phone:(____) _____
