

# New Yorkers: Private consultants and contractors are cutting shady deals with your tax dollars.

## It's time to shine the light on the dark side of privatization and stop taxpayer abuse.

Private contractors and consultants are expensive, inefficient and unaccountable!

And you're picking up the bill.

New York state's increasing use of private contractors to perform public services costs state taxpayers hundreds of millions of dollars each year.

Independent audits have proven over and over that state employees do the work better and for less.

It's time to tell your state leaders to stop wasting your tax dollars.

Tell lawmakers to pass the GO PUBLIC Accountability Bills and keep your tax dollars in the light for all to see.
