On behalf of the state's working men and women and their children, we thank the New York State Legislature for their vision, courage and compassion in standing against the devastating cuts in healthcare, education, and essential public services proposed in the Executive Budget. Thank you, for passing a budget that fairly shares the burden of resolving the state's fiscal crisis.

PEF supports the Legislative budget that protects mental health care, education and New York's hospital system.

Thank you, for making the better choice.

We urge every legislator to support Senate Majority Leader Joseph Bruno and Assembly Speaker Sheldon Silver in their bi-partisan budget compromise.
